Brand New Website

Menzies is pleased to announce the launch of their new website! After many months of hard work, our website has been redesigned to better suit the needs of our customers. Not only does it have an updated fresher look, it also provides enhanced access to Menzies Metal information and resources. The new layout provides easy access to view our product line as well as the ability to download technical drawings and view 3D images.

Visit our custom page to see just a few of the items we can make by request. Download our catalogue in PDF or Powerpoint. Check back often as we will be continuously updating with new innovative ideas and products.

Your comments and suggestions are welcome!

Calgary Branch Opens

4 Branches to serve you better! Menzies Metal Products opened it's newest branch in Calgary, Alberta on April 12th. The new office and warehouse are located at: #2 - 7115 48th St. SE. We would also like to take this opportunity to welcome the newest member of the Menzies team, Scott Richardsen who will be our the sales representative for Alberta.

Sam's Corner

Were you aware that the new Menzies 5-Skin Plumbing flashing for flat roofs covers 5 sizes of pipe from 1.25" to 4". It eliminates having to measure every plumbing pipe for size; just count and order the number of flashings required. It's fast, easy and saves time
